

Safety Data Sheet Glitter (200g Jar)

Revision: Number

Date 17 April 2018

SECTION 1 Product & Supplier Identification

Product Name Glitter 200g Jar

Other Names Glitter
Product Code GJ200...

Barcode Number

Recommended Use Coloured glitter for use in different craft applications.

Restrictions on Use None known

Company Educational Colours Pty Ltd

ABN 61 005 708 967

Address 2/43 Burgess Road, Bayswater, VIC, Australia 3153

Telephone +61 3 9729 0788

Supplier Code

Emergency Phone Number Australia – 13 11 26 (Poisons Information Centre)

SECTION 2 Hazards Identification

Classification of the hazardous chemical

Physical hazards Not classified
Health hazards Not classified
Environmental hazards Not classified

Label elements, including precautionary statements

Hazard symbols None Signal word None

Hazard Statements As supplied the mixture does not meet the criteria for classification.

Precautionary statements

Prevention Observe good industrial hygiene practices.

Response Wash hands after use.

Storage Store in well ventilated place. Keep container tightly closed.

Disposal Dispose of contents and container in accordance with local regulations.

SECTION 3 Ingredient Composition / Information

<u>Chemical Entity</u> <u>CAS No.</u> <u>Proportion (to 100%)</u>

Non-hazardous components to 100%

SECTION 4 First Aid Measures

Description of necessary first aid measures

Eye Immediately rinse with plenty of gently, running water for atleast 15 minutes, carefully lifting

eyelids occasionally. Sharp edges may scratch the eye, seek medical attention if symptoms

persist.

Skin Unlikely to occur, however wash off skin thoroughly with water. Shower if

necessary. If any symptoms such as irritation arise and/or persist seek medical attention.

Swallowed Immediately rinse mouth and lips with water. Do not induce vomiting. If any symptoms

appear seek medical attention.

Inhalation Remove affected person to a fresh air or well ventilated area. Seek medical attention.

Personal protection for first aid responders

Ensure medical personnel are aware of the material(s) involved and take precautions to protect themselves.

Symptoms caused by exposure

Direct contact with eyes may cause irritation and redness.

Inhalation may cause respiratory irritation or breathing difficulties.

Medical attention and special treatment

Provide general supportive measures and treat symptomatically. Keep under observation as symptoms may be delayed. If not already done seek medical attention.

SECTION 5

Fire Fighting Measures

Extinguishing equipment

Suitable Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing

equipment be aware of any potential hazard(s), example electrical.

Unsuitable Anything that could spread the fire and or risk the safety of surrounding personnel.

Specific hazards arising from the chemical

During fire carbon monoxide maybe formed.

Specific protective equipment and precautions for fire fighters

Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.

General fire hazards No unusual fire or explosion hazards known.

SECTION 6

Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Keep unnecessary personnel away and upwind of spill. Wear appropriate protective equipment during clean up. Keep dust to a minimum. Contain spill to prevent contamination to drains / water ways. EPA and Local authorities should be contacted if spill cannot be contained. Keep dust to a minimum, collect and seal in properly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

For emergency responders

Keep unnecessary personnel away and upwind of spill. Wear appropriate protective equipment during clean up. Contain spill to prevent contamination to drains / water ways. Heed advice under Section 8 "Personal Protection".

Environmental precautions

Avoid discharge to drains, water ways or onto the ground.

Methods and materials for containment and clean up

Large spills – Stop flow of material, if safe to do so. Contain spill where possible and clean up keeping dust to a minimum, a light spray of water can help reduce dust. Collect and seal in properly labelled containers for disposal in accordance with local regulations.

Small spills – Sweep up and keep dust to a minimum.

SECTION 7 Handling & Storage

Precautions for safe handling

Avoid contact with eyes and breathing dust. Use in a well-ventilated area. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities

Store in a dry location. Keep containers tightly closed when not in use.

SECTION 8

Exposure Controls / Personal Protection

Occupational exposure limits

No OEL's noted for this product. However, for individual components,

Biological limit values

No biological exposure values noted for this product.

Appropriate engineering controls

Use in a well-ventilated area. Provide an eyewash station and safety shower.

Individual protection measures, for example personal protective equipment (PPE)

Eye protection

Wear safety goggles or face shield.

Skin protection

Wear impervious gloves.

Hygiene measures Use and maintain good industrial hygiene. Always wash hands after use. Routinely wash safety equipment. Do not eat, smoke or drink when handling this product.

SECTION 9	Physical & Chemical Properties
Appearance	Glitter, various colours
Odour	None
pH	Not available
Freeze point	Not available
Boiling point	Not available
Flash point	Not available
Flammability	Not available
Relative density	Not available
Solubility in water	Not soluble
Partition coefficient	Not available
Auto-ignition temperature	Not available
Decomposition temperature	Not available
Specific Gravity	> 1

SECTION 10 Stability & Reactivity This product is considered to be non-reactive under normal conditions of use, storage and Reactivity transport. **Chemical stability** This product is considered to be stable under normal conditions of use, storage and transport.

Possibility of hazardous reactions

No hazardous reaction known under normal use.

Conditions to avoid Dust generation, incompatible materials and high temperatures.

Incompatible materials

Strong acid and strong alkali.

Hazardous decomposition

If engulfed in fire product may give rise to the release of obnoxious fumes including oxides of carbon.

SECTION 11

Toxicological Information

Information on possible routes of exposure

Skin contact Dust may cause skin irritation

Eye contact Dust may be irritating to eyes. Pre-existing conditions may be aggravated

Ingestion May cause mouth and throat irritation.

Inhalation Dust may be irritating to nose, throat and respiratory tract.

Symptoms related to exposure (Acute)

Dust may irritate eyes and aggravate pre-existing conditions.

Dust may dry out skin and may cause irritation.

Dust may irritate respiratory system

Symptoms related to exposure (Chronic – long term)

Dust may cause irritation and inflammation of eyes and aggravate pre-existing conditions.

Carcinogenicity No data available.

Reproductive toxicity

This product is not expected to cause reproductive or developmental effects.

Additional Information

This product does NOT contain,

Egg, dairy, soy, seafood, shellfish, wheat or peanut products, by-products or derivatives.

SECTION 12

Ecological Information

Ecotoxicity No specific data available for this product.

Persistence and degradability

No specific data available for this product.

Bio accumulative potential

No specific data available for this product.

Mobility in soil No specific data available for this product.

SECTION 13

Disposal Considerations

Disposal methods Dispose of this product and any water contaminated with this product in accordance with

local regulations.

Contaminated packaging

The container should also be disposed of in accordance with local regulations.

SECTION 14 Transport Information

ADG Not regulated as dangerous goods.

IATA Not regulated as dangerous goods for IATA

IMDG Not regulated as dangerous goods.

Special Precautions No special precautions or requirements for transport

SECTION 15

Regulatory Information

Safety, health and environmental regulations

This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of

Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)

Not allocated

AICS All components are listed in the Australian Inventory of Chemical Substances.

SECTION 16 Other Information

Reason for Revision Review and update information in accordance with GHS requirements.

SWA Safe Work Australia

ADG Australian Dangerous Goods Code

AICS Australia Inventory of Chemical Substances
IATA International Air Transport Association

IMDG International Maritime Dangerous Goods Code
